Manager's Message of the Week
Dawn Francis, Town Manager

COLCHESTER PLANNING COMMISSION - Be a Part of Your Local Government

The Planning Commission is seeking a new member! The commission is principally responsible for drafting the Town Plan and the Town's land use bylaws and participates in regional planning issues. The Planning Commission works with the Director of Planning and Zoning, who staffs each meeting. The Planning Commission consists of seven volunteer members appointed by the Selectboard. The Commission tries to be as informal and comfortable as possible while keeping in mind that all meetings are recorded and public.

The Commission's agenda is generally set by staff in consultation with the Commission, Selectboard, and Planning and Zoning staff. Topics covered include land use, building, housing and other studies to the Selectboard. The Commission solely functions as a planning body with no authority over development review projects.

Requirements

- Cognitive reasoning is required to think through a variety of policy, legal, and community impacts of any Commission decision. Familiarity with local and state land use regulations, building design, or natural resources is preferable.
- Must be able to meet on the first and third Tuesday of each month at 7PM at the Colchester Town Offices in the Outer Bay Conference Room for generally 1-2 hours. (Meetings may be added or rescheduled as needed.)
- On the Friday prior to the meeting, each planning commissioner is responsible for downloading and reviewing their meeting packet that includes an agenda, staff notes, and other enclosures prepared by the Director, usually with recommendations for action. (This takes roughly 1-3 hours)
- Must be able to interact with other commissioners, staff, and members of the community.

Recent and Upcoming Projects

- Recently, the Commission has revised the Zoning Regulations for West Lakeshore Drive and the Official Map as well as a Town Plan amendment.
- The Commission is currently working on revising the Subdivision Regulations.

Police Department
Jennifer Morrison, Police Chief

It has been an incredibly busy fall at the Colchester Police Department. Calls for service have been consistently high and all the activities surrounding back to school have kept us running. We had an outstanding Awards Ceremony in September thanks to the Colchester-Milton Rotary club and our 50th Anniversary Celebration was nothing short of spectacular. Over 250 people came by to see our displays, watch a K9 demo, get a temporary tattoo or face painting, and have a bite to eat. We are grateful that our employees had the luxury of time to visit with community members in a relaxed environment and we were delighted to have nearly 15 former Colchester officers join us at this event! Guest appearances from the Governor, Senator Mazza, the Commission of Public Safety, and the Secretary of Transportation made the event extra special

We would like to dedicate this newsletter to the community and all the partners who made the 50th celebration so special. Our deepest appreciation goes to: Dick Mazza's General Store, the Colchester Lions' Club, Baker Distributing, Hazelett Strip-Casting Corp, McKenzie's, Friehofer, Rhino Foods, McDonalds, Costco, Shaws and Price Chopper. These businesses made the event possible through their generous donations of products, time, and talents. Most importantly, to the community members who took the time to stop in or toot your horn as you drove by, thank you! This event wouldn't have been possible without deep and consistent support from the Colchester community.

Rescue and Technical Rescue Squads
Amy Akerlind, Rescue Chief

Did you ever wonder about the training required to become a volunteer Emergency Medical Technician (EMT)? Here's a look at some of the trainings we do at Colchester Rescue while not on calls. We have various levels of training for volunteers members. These include:

- Emergency Medical Service (EMS) Certification Levels:
 - **EMT (Emergency Medical Technician)**
 - Advanced EMT (AEMT)
- Paramedic:
 - Ambulance Driver Training (You do not have to obtain an EMS certification to become a driver)
 - Crew Chief Training (charge of all aspects of the EMS call)

Continuing education must be completed every two years. Hours required vary, with EMTs completing 40 hours; AEMTs, 50 hours; and Paramedics, 60 hours. Members have the following training options for continuing education:

- Weekly Crew Training
- Monthly Squad Training
- Monthly District Case Reviews
- Monthly Paramedic Training

In addition to the above, we have continual training related to equipment and medications, as well as other conferences and training opportunities throughout the year. All of this training ensures that our patients will get the best care possible!
