Colchester has long envisioned transforming the West Lakeshore Drive neighborhood into a recreation and tourism oriented village center on Malletts Bay, but the lack of infrastructure has stymied those plans for decades. With efforts to address infrastructure needs moving forward, the town will be updating the zoning and development standards for the Malletts Bay village area.

We are inviting everyone who lives, works and recreates on the bay to join in a community conversation to refine our vision for Malletts Bay village by participating in one or more of the activities planned for May 19 and June 2.
