

FY23 Sewer and Stormwater Rate Schedule Effective July 1, 2022

Sewer

- Connection Charges are a one-time charge based upon the gallons of allocation required by the State of Vermont Environmental Protection Rules, Chapter 1, Wastewater System and Water Supply Rules. The Connection Fee is due upon the purchase of wastewater allocation.
- Usage Charges are billed quarterly and are based upon the gallons of metered water consumption.
- Capacity Charges are billed quarterly and are based upon the gallons of allocation required by the State of Vermont Environmental Protection Rules, Chapter 1, Wastewater System and Water Supply Rules.
- Reserve Fund Charges are billed quarterly and are based upon the gallons of allocation required by the State of Vermont Environmental Protection Rules, Chapter 1, Wastewater System and Water Supply Rules.

Service Area	Connection Charge (GPD)	Usage Charge (GPD)	Capacity Charge (GPD)	Reserve Fund Charge (GPD)
Malletts Bay	\$10.00	\$0.00794	\$3.35000	\$0.00
Severance Corners	\$10.00	\$0.00564	\$1.39855	TBD
All Other	\$10.00	\$0.00564	\$1.39855	\$0.00

Stormwater

- A property’s stormwater fee is based on how many ERUs (or tenths of an acre of impervious surface) a property has – A site’s most recent bill has this information. Single family, duplex, triplex and vacant properties are assigned 1 ERU.

The ERU rate for FY23 is \$55.00.

Any questions about these charges should be directed to the Public Works Office at 802-264-5620.
